Public Session:

a. Unitary Councillor(s) Report(s).

Cllr Cole reported that she continues to pursue West Northants Council (WNC) for S106 SEGRO funding and is in discussion with WNC councillors regarding the delayed works to the Stoke Road chicane. She has raised concerns about the public consultation on the Grand Union Canal Transfer and commended Blisworth Parish Council for submitting its response within the limited timeframe. She is also working with neighbouring parishes and WNC to address the service gap created by the closure of the Ability Bus, which previously provided door-to-door transport for elderly and vulnerable residents.

b. Members of the public.

- i. A member of the public raised concerns about noise and air pollution from canal boats moored alongside homes in Pond Bank, citing generators running throughout the day and acrid smoke from canal boat chimneys. The resident requested that the section of canal adjacent to homes in

BLISWORTH PARISH COUNCIL **DRAFT**

Blisworth (from Mill Bridge to Candle Bridge) be subject to the same restrictions as those applied in Stoke Bruerne, including a 48-hour mooring limit and stricter controls on generator use.

- ii. A member of the public raised concerns about the increasing number of dogs being walked off leads around the village and along the canal towpath.
- iii. A member of the public reported that some residents wish to repair the commemorative bench on the tow-path installed in memory of Jim Payler and requested support from the Parish Council.
- iv. A member of the public reported an incident on a public footpath involving extremely abusive behaviour by the operator of a farm vehicle.
- v. A member of the public highlighted the vital role previously provided by the Ability Bus for parish residents, noting its importance for medical appointments, friendship group outings, weekly door-to-door food shopping, and wider social connectivity for elderly and vulnerable residents. The resident stressed that its loss has created a significant gap in local transport provision, as the No. 88 bus service is unreliable and does not meet the needs of those who cannot reach the bus stop or manage their shopping independently.
- vi. A member of the public noted that they currently rent the parish field and expressed a wish to continue the arrangement for 2026–2027.

BPC/305/2026

Response to issues raised in the public session.

a. Unitary Councillor(s) Report(s). The Clerk shared details of the available S106 (SEGRO) funding with Cllr Cole.

ACTION: Cllr Brown will provide Cllr Cole with an updated report on the proposed 20-mph speed zone/speed limit and the signage requirements for the Roade bypass.

The Council thanked Cllr Cole for her continued diligence and asked that, in any discussions regarding the service gap created by the closure of the Ability Bus, consideration be given to the needs of Blisworth residents, particularly in light of the unreliability of the No. 88 bus service, the resulting risk of social isolation, and the difficulties faced by those unable to reach the bus stop due to mobility and health issues. The Council requested that Blisworth be included in any joint meeting with neighbouring parishes so that ideas can be shared and a coordinated approach developed.

b. Members of the public.

- i. The Council agreed to draft an official complaint to the Canal and River Trust requesting that they address the issues of noise and air pollution arising from moored boats, and to raise the disparity between the mooring restrictions applied in Stoke Bruerne and those currently in place along the section of canal adjacent to Blisworth.
- ii. The Council noted that dogs off leads on the canal towpath fall under Canal and River Trust jurisdiction, and that within the village, enforcement applies only where a dog presents a threat, in which case matters should be reported to West Northamptonshire Council (under the Public Spaces Protection Orders).
- iii. The Council thanked the residents for kindly taking on the maintenance of the commemorative bench which is not a Parish Council asset, and Cllr Chandler offered assistance in relocating the bench to enable its repair.

- iv. The Council agreed to contact the farmer operating in the field to remind them of their legal obligations regarding public rights of way and the maintenance of footpaths.
- v. The Council has contacted a number of transport providers. Several are unable to assist and others require additional volunteers. Data is being gathered on the number of residents affected, which has been passed to West Northamptonshire Council. Support has been requested from WNC and from Sarah Bool MP. The Council will continue to liaise with Cllr Cole and other parish councils and operators to try to support the residents.
- vi. The Council noted that the rental agreement for the Parish Field for 2026–2027 is due for submission.

- The Chair asked for Councillors to chase quotes for strategic projects.
- Cllr Root noted that although Blisworth Council submitted a slightly reduced precept for 2026-2027, the taxbase also reduced. The total number of properties in the parish has decreased by 2 and there has been a reduction in properties being charged premiums as empty or second homes and movement in the different discounts residents receive, which have caused the change in taxbase. This has resulted in a slight increase of 1.2% for the Parish Council share of the Council tax despite a lower precept request from Blisworth Parish Council for 2026-2027.
