33	Disposable item - not to insure			
34	No details of what was purchased			
35	Chris I have bumped up the insurance replacement costs for the play equipment items 1.1 to 1.6 as they should equal more than the original £18,000.00 that Viv (previous clerk) recorded on the asset register. I have tried to estimate replacement values given that the Wicksteed small car we purchased recently cost over £3,000.00. Do you think that insurance replacement costs for these items seem reasonable to you? Chris agreed insurance estimates Email 19/04/2025
